

SEMINOLES ON
THE WAR PATHSeeking Revenge for
a Lyching.A Trail of Blood Left Be-
hind Them.United States Marshals and
Troops Hurrying to the
Battle Ground.

DALLAS, Tex., January 11.—A special to the News from Oklahoma City, O. T., says: There is an uprising in the Seminole nation and 100 armed Indians have killed twenty-five citizens of Pottawatomie county, this territory. The Indians are seeking to avenge the recent burning of Lincoln McGohey and Palmer Simpson, two Indians of the Seminole tribe, who were accused of murdering and outraging Mrs. Lead of Maud post-office. A special train has gone to Earlboro, ten miles from Maud, and excitement is higher than ever before known in the Indian Territory.

WICHITA, Kan., January 11.—A special to the Eagle from Shawnee, O. T., says: The train from the east tonight brought to this city a car containing every woman and child of Earlboro. The passengers confirm previous reports and say a pitched battle between the Indians and settlers took place this afternoon near Maud post-office, resulting in the wiping out of several families.

A later dispatch from Shawnee says: A message call for help came but has been received from Earlboro, a town of about 100 inhabitants, nine miles east of here, saying that nearly 300 Indians have declared vengeance on the town and are moving toward the place, declaring that they will burn the place. Grave fears are entertained for the settlers.

A special train was sent from here and 150 armed men left for the scene. The trouble was caused by farmers burning two Indians, who ravished and murdered Mrs. Lead last week. The whole country is aroused.

SHAWNEE, O. T., January 11.—Deputy marshals arriving here from Maud report a reign of terror in that section of the territory.

The lynching of two Seminoles Indians has provoked the Seminoles to threaten vengeance. A dozen families are reported to have left their farms in the vicinity of Maud. One deputy brings a report that two white men were captured by Seminoles here yesterday and put to the torch.

United States Marshal Thompson received instructions today to send a force of deputies to co-operate with the Indian Territory officials in quelling the outbreak.

SOUTH MOOREHEAD, O. T., January 11.—A telegram received here at 4:40 o'clock this evening by the train dispatcher at Earlboro, Oklahoma, and said that a band of 100 Seminoles Indians are on the warpath and are leaving behind them a trail of blood. The telegram was sent by the railroad agent at Earlboro. The station agent gave the additional information that the band started from a point five miles south of Earlboro with the avowed intention of cutting fire to Tecumseh and killing all who they met, but that the Indians were reported to have changed their course and were, at the time of sending the message, heading toward Earlboro.

The receipt of this startling information has created intense excitement in South Moorehead. Federal Judges Townsend, Springer and Thomas, who are in the city, are anxiously awaiting further news.

Scores of people here who have relatives at Earlboro are besieging the telegraph office for news, but the agent has either left Earlboro station to gather further information or perhaps, has been slain or driven to seek shelter. If Earlboro cannot be reached soon by wire, a train will be dispatched from here at midnight bound for the scene of the reported massacre, under orders from Judge Springer, and acting on board all the available deputy marshals under command of Captain Grady, while the Secretary of War will be wired to ordered troops from Fort Reno.

The general offices of the Oklahoma, Oklahoma and Gulf road have ordered out a special train from Shawnee, bearing volunteers armed with Winchester, to intercept the Indians at Earlboro and prevent further bloodshed.

Not Even a Vote.

WASHINGTON, January 11.—The civil service debate, which was inaugurated in the house a week ago, ended today. It opened with a row but ended very tame. There was not even a vote on the appropriation in the executive, legislative and judicial appropriation bill for the committee upon which the debate was predicted. The Republicans who are seeking to modify or repeal the law decided to let the debate come to a close today.

In Memory of John Brown.

MOUNTAIN CITY, January 11.—Mrs. Susan E. Watliss, one of the oldest settlers of the state, is dead. She was the widow of the late Augustus Watliss, known in the early times for his active anti-slavery work both in this state and in Indiana, having been closely associated with John Brown.

Hold Without Bail.

SAN FRANCISCO, January 11.—George Tauchi, the Japanese who shot and killed Mary Castello, was bound over to the superior court today. Bail was denied. No defense was offered. J. Nicholson, arrested as an accomplice, was released.

EASTON TEACHERS MEET.

An Interesting Session Held Last Saturday Night.

The Easton Teachers' Association held its regular monthly meeting at the Easton high school building on Saturday last. There was a good attendance and many questions of an educational nature were discussed.

The following program was carried out: "Teaching of Reading," Mrs. Harrison; "Teaching of Music," Miss M. G. Gillespie; "Drama," Mrs. McGinnis; "Geography," general discussion.

The next meeting will be held Saturday afternoon, February 5th, at the same place, and all teachers who are interested in these meetings are invited to attend.

The program for the next meeting is as follows: "Discipline," Mr. Joel Smith; "Initiatives and Particles," Miss Dowell; "Role Singing," Mr. Sorenson; "Drawing," Mrs. Witherby; "Text Book in the Classroom," general discussion.

WELL KNOWN IN FRESNO.

Alexander Badlam, the San Francisco Capitalist, Ill.

Alexander Badlam, the San Francisco capitalist, is dangerously ill at his home in the metropolis. Mr. Badlam is well known in Fresno, having at one time taken considerable interest in several local enterprises.

He furnished the Grand Central hotel for Tom Reynolds when the place was first opened, and was an intimate friend of Fulton G. Berry, the present proprietor. Mr. Badlam also was active in the organization of the Fresno Gas Company and was assisted in this enterprise by Fulton G. Berry and Dr. Lewis Leach.

Secretary Brown Improving.

SACRAMENTO, January 11.—News from the capital this afternoon is to the effect that Secretary of State Brown is a little better, although he is by no means yet out of danger.

A Remedy for Melancholia.

SAN FRANCISCO, January 11.—Because of melancholia caused by the death of her husband, Mrs. Mary Duffy, a youthful widow, committed suicide tonight by swallowing carbolic acid.

WINTRY BLASTS

A General Snowfall in the State.

Nipping Frosts Swiftly Succeeded by Gentle Rains—Good Crops Assured.

ST. HELENA, January 11.—Very cold weather prevails. For several mornings the thermometer has been below 20, the ground is frozen and ice half an inch thick forms every night over ponds. So far the heavy nightly frosts have not damaged growing vegetation, except to ruin the olive yield for pickling purposes. It began snowing again about noon today and continued all afternoon.

SAN LUIS OBISPO, January 11.—A heavy rain began here about 10 o'clock this evening and by 9 o'clock an inch of water had fallen. The storm is the most severe of the season. Farmers anticipate splendid crops.

LOAN, January 11.—After two nights of the coldest weather and hardest frosts in the history of this town, snow began falling at 7 o'clock this evening and at a late hour it is still coming down. This is the first snow seen here for years. If a north wind does not set in farmers will be benefited.

PHOENIX, Cal., January 11.—It has been raining steadily nearly all day. There seems to be no danger of drought in Solano county. While the rainfall to date this season is less than half that of last year, it has come just when needed and farmers have no trouble in predicting in their crops. With the expected spring rains an abundant harvest is assured.

SANTA ROSA, January 11.—Solano county received a good rain today, bringing the seasonal rainfall up to eight inches. No crop was suffering for lack of moisture, but the rain will greatly benefit the pasture and early spring grain. It will also make plowing easier.

SANTA CRUZ, January 11.—The weather is unusually cold and snow can be seen on the surrounding hills. It has rained heavily all the afternoon and the storm is likely to continue all night.

NAPA, January 11.—The mountains near here are covered with snow. This was the coldest day of the winter. Rain began falling at noon and the downpour has not yet ceased.

YUBA CITY, January 11.—At 6 o'clock this evening snow began to fall. Although the weather is very cold, citrus fruits have not yet been damaged. If it continues all night, the crop will be ruined.

WOODLAND, January 11.—There has been a little snow here but a heavy fall is reported in the foothills in the western part of Yuba county, and in the vicinity of Danningen and Blanka. It is raining throughout the county and the wind is from the south.

BERKELEY, January 11.—There was a snow storm in the Red River valley today. It was snowing hard at Berkeley this morning. A very rare occurrence in this part of the state.

ANDREWS, January 11.—Snow to the depth of an inch has fallen here. This is the first time for six years that residents of this town have experienced a snow storm. The weather tonight is intensely cold.

STOCKTON, January 11.—Rain began falling early this evening and continued at a late hour. Fruit men say that the cold weather is good for them as the frost will have a tendency to destroy pests. The wheat men state that it will do them little if any harm, and taken altogether the recent cold snap comes at a time when there is nothing for it to harm.

MUST BE A
JOINT BALLOTNo Election at Colum-
bus Yesterday.One Sick Man May Be a
Factor.At Least One More Day of Charges
and Counter Charges—
Hanna Confident.

COLUMBUS, January 11.—The factional warfare against Senator Hanna is not over. It will have at least one more day of charges and counter charges. The fight has never been more bitter than tonight. Senator Hanna received 73 votes today, a majority of 1 over all in a total membership of 100. The senate voted 19 for McKesson and 17 for Hanna. The house stood: Hanna 50, McKesson 49, Wiley 1, Warner 1, Lentz 1 and 1 absent.

The only absentee was Representative Cramer, the Democratic-Republican member from Butte county, who is seriously sick. His physicians stated tonight that he could not possibly be in his seat tomorrow. After the vote was recorded today, in each branch of the legislature separately, a majority of a quorum of those present is all that is necessary in the joint balloting tomorrow, so that the serious illness of Representative Cramer might become an important factor.

The scattering vote today for Lentz, Wiley and Warner was cast by Representatives Wiley, Hazlett and Heer, all Democrats. If Cramer had been present and all other Democrats in line, McKesson's vote in the house would have been 63, or still 8 short of a majority in that branch of the legislature.

With Hanna having a majority of three in the house, McKesson having a majority of two in the senate, the chair will announce tomorrow that there was no election today and that a joint ballot will be in order. As soon as the two bodies meet in joint convention at tomorrow their respective journals of today will be read and the lieutenant governor will make the usual official declaration.

If all the senators and representatives are recorded on the joint ballot tomorrow as they were recorded today on their respective journals, Senator Hanna will have a majority of one over all. But in the absence of Representative Cramer and by some of the Democrats refusing to vote for Mayor McKesson, he is likely to have a larger majority of record on the journal of the joint convention. With the result apparently hanging on the change of only one vote, the contest has continued all night, the same as it has been going on here other nights for the past two weeks.

WILL DISCUSS EDUCATION.

The Teachers' Institute at Scan-
dianavian Colony Saturday.

There will be a teachers' institute at Scandinavian school house on January 12th. The institute will commence at 10:30 o'clock and the following is the program:

"The Utility of Kindergarten," Alice M. Crown; discussion, "How to Teach United States History," Chas. Sorenson; discussion, "For Kindergarten and Miss Letitia Lewis; "School, Materials and Holiday Programs," B. M. Trantwein; discussion, "Afternoon and Kate Conner; "Phonics, When and How to Teach," E. W. Lundquist; discussion.

An invitation is extended to all who desire to attend. Dr. J. F. Martin is president and B. M. Trantwein secretary of the organization.

SHOT DEAD.

Sudden End of a Bank
President.Another Bloody Tribute to the
Records of Butte City,
Montana.

BUTTE, Montana, January 11.—Patrick A. Lorgey, president of the State Savings Bank and one of the best known citizens of Butte, was shot and killed in the bank building about 1 o'clock this afternoon by Thomas J. Riley, who entered the bank five or ten minutes before committing the bloody act.

He called Lorgey to the cashier's window and the two talked for five minutes or more. They were conversing in ordinary tones and there was nothing to indicate that their talk was otherwise than friendly. Suddenly Riley drew a gun and shot through the window at Lorgey. The bullet struck the latter in the left arm and shattered the bone. Lorgey stooped down and had been confined in that position he might have escaped with his life as he was protected by the counter. However, he

rose partly and as he did so Riley fired a second shot. The bullet struck Mr. Lorgey squarely in the forehead and he fell over on the floor dead.

The murderer started for the front door on Park street and as he passed the teller's window he took a shot at those behind the railing. The bullet narrowly missed Frank Holmes, one of the clerks, dug a hole in his desk and went through a pane in one of the windows on the main street side of the building. Riley then rushed out of the Park street door, thrusting his pistol into his pocket as he did so.

William Hasleton, a customer of the bank, was outside the railing when the shooting occurred. He made a rush for the man, but, deterred by the sight of the weapon, did not grab him. He followed Riley out, however. The murderer hurried west on Park street, followed by Hasleton, who kept calling out to arrest the man. Officers attracted by the shooting did so and he was taken to jail.

"He fooled me too long," exclaimed Riley when he arrived at the county jail, "and I killed him. He kept promising me work, but he did not give me any, and I could not stand it any longer. Now, if you want to hang me for it, all right. Give me a quick trial and end it."

The murderer has but one leg. He lost the other in the explosion of the powder warehouse at the Montana Central railroad yards and has since worn a cork leg.

Lorgey was manager of one of the companies whose warehouse exploded and caused the loss of fifty-eight lives. In contradiction to his statement that Lorgey refused to help him, it is well known that the banker frequently helped him. He secured employment for him a number of times, but Riley was unable to hold a position any length of time. Besides, Lorgey occasionally supplied him with money.

There is talk of lynching Riley and four other murderers confined in the jail.

Riley was taken to Deer Lodge penitentiary this afternoon in company with Bob Shattell, the other murderer, to prevent lynching, which looked very possible. They were smuggled out of town in the poor farm ambulances.

THE LAW TESTED

No Comfort for Divorcees
in Sonoma.To Relieve Such Applicants for
Marriage Licenses Would
Annul the Law.

SANTA ROSA, January 11.—Superior Judge Dougherty today rendered a decision in the famous case of Mrs. Susan Baker against County Clerk Fulton, in which is involved the validity of the new marriage license law.

Mrs. Baker, who has been divorced within a year, applied with M. McDoughough of Geyserville for a license, which County Clerk Fulton refused to issue, because of the legal restriction. Thereupon Mrs. Baker began mandamus proceedings to compel the County Clerk to issue the license. Judge Dougherty has decided in favor of the County Clerk.

In his decision the court fully reviews the case, quotes from several decisions, and after finding that a divorce granted within the prescribed time is a disability, says that so long as such disability exists to grant a license would relieve the applicant of such disability which would be inconsistent with the law.

The Port of Chalmette Up at
Auction.There Was Something in 185
That Might Conserve the
Ground.

NEW ORLEANS, January 11.—The big port of Chalmette, below this city, with its hundreds of thousands of dollars invested in compressed cotton, wharves, etc., has gone into the hands of a receiver on account of its inability to meet \$100,000 interest on bonds due July 1, 1897, and January 1, 1898.

The port of Chalmette was established as an opposition to the port of New Orleans. More than \$2,000,000 was invested there and every facility afforded for the handling of cotton as against the compressed of New Orleans.

Chalmette is owned by the New Orleans and Western Railroad Company, which has just sold the company suit was brought today by the State Trust Company of New York, praying for a receiver on the above grounds. It is alleged that the company is still doing an immense business and heavy valuable contracts on hand. An order was issued appointing Charles D. Van Nostrand of New York receiver.

UNEXPECTED ASSIGNMENT

It Came From an Old Steamer Line.

The Anchor Line Fails on the Mississippi.

the Last Days of the Civil War It Controlled the River Traffic.

St. Louis, January 11.—The St. Louis and New Orleans Anchor line made an assignment at noon today to Archibald Woods, conveying to him for the benefit of creditors, all of the steamboats, barges, stock in store, elevators, land, and other property of the company.

The Anchor line was organized the year after the war, and it was one of the first corporations started in the West. Prior to that time there were short steamboat lines running between St. Louis and Cairo, Cairo and Memphis, and Vicksburg, Vicksburg and Natchez, and Natchez and New Orleans. These short lines were all taken into the Anchor line company. The small boats, unsuitable for the trade were condemned, laid up or sold, and new boats were built.

Two lines were started—one between St. Louis and Memphis and the other between St. Louis and New Orleans. At the various towns along the Mississippi river freight elevators were built and the controlling interest in these elevators was held by the Anchor line or people interested in it.

Between 1861 and 1880 the Anchor line practically controlled the traffic on the waterway between St. Louis and Memphis and New Orleans. About 1880 the Mississippi Valley Transportation Company of St. Louis was organized. This line with its powerful steam wheel tow boats and its grain barges cut the Anchor line business. The barges and tow boats could be operated cheaper than the Anchor line's floating palaces. Railroads were built on each side of the Mississippi and the passenger travel went from the boats to the railroads. Secretary Forbes Zeigler said today: "The vast amount of liabilities have been determined, but there is no doubt the assets will cover them fully. Hard luck has pursued us for two years. When the present Anchor Line Company was organized there were seven boats, the finest on the river, with an average valuation of \$50,000. There are only three boats left now. The best of our fleet have been lost or burned."

DIVIDENDS WILL VANISH.
A New Rate Quoted Over the Gulf Railroad.

CHICAGO, January 11.—The Tribune today says: Much alarm is manifested in western railroad circles over the attitude of the Kansas City, Pittsburg and Gulf railroad. Unless this railroad can be checked in its rate-dropping career, earnings of western railroads will be most seriously affected. The expected dividend will vanish into air.

Announcement is made that the Kansas City and Gulf has put into effect a rate on corn of 12 cents a hundred pounds from Kansas City to Galveston and New Orleans. In addition, it will absorb the elevator charges, which amount to 2 cents a hundred pounds. This is the lowest rate ever made to tide water from the Missouri river.

PRICES OF WOOL.
They are Good, But Likely to be Better.

Boston, January 11.—Prices in the wool market here are stronger than for some weeks past, while there has been a fair demand in several grades. The sales of territory wool have been lively on the basis of 50 cents for scouring fine and fine medium.

There has been little inquiry for some grades of fleece wools. Ohio Delaine and No. 1 are now quoted at 30¢ and 31¢, respectively. Australian No. 1 holds firm and importers are gradually enhancing their prices.

Quotations: Territory wool, Montana fine medium and fine, 15¢ to 18¢; secured, 40¢ to 50¢; staple, 55¢ to 60¢; Utah, Wyoming, etc., fine medium and fine, 15¢ to 17¢; Australian, 20¢ to 22¢; combing, 30¢ to 35¢; combing, 35¢ to 40¢; Queensland, 40¢.

A MISSING HUSBAND.
He May Have Gone to the Klondyke or Not.

San Jose, January 11.—Mrs. Frank Prince, who applied to the police in San Francisco for aid to locate her husband, lived here until recently. Her husband was connected with the fire department and left here suddenly last summer and has not been seen since. Some reports say he has gone to Alaska.

The First Time in Years.
Denver, January 11.—A special to the News from Cheyenne, Wyo., says: In the city election today Cheyenne went Democratic by a handsome majority for the first time in years. The Democrats elected two aldermen out of three. The third ward was won only five majority. In the second ward, which has long been a Republican stronghold, J. M. Lewis, the Democratic nominee, was elected by fifty-eight majority. The Greenback carried the first ward for the silver reform forces by fifty-four majority.

The National Exchequer.
Washington, January 11.—Today's statement of the condition of the treasury shows: Available cash balance, \$235,480,149; gold reserve, \$161,771,155.

American Bicyclists Ride on Sidewalks in England.
London, January 11.—At the Maidenhead county court today summons against Spencer Eddy, secretary of the United States ambassador, Colonel John C. Hay, and J. E. White, secretary of the United States embassy, for bicycling on sidewalks was adjourned in consequence of the house office telegraphing to the magistrates that Henry White claimed diplomatic privileges for his son.

Not So Urgent.
Washington, January 11.—The urgency deficiency bill as reported to the house from the committee on appropriations today carried a total of \$1,735,513. The bill appropriates \$100,000 for the expenses, the money to be expended under the direction of the superintendent of the Coast and Geodetic survey and \$10,000 of the amount to be used for the survey of Copper river, for construction at the Danville branch national home for disabled veterans at Danville, Ill., of the barracks, etc., not exceeding in the aggregate \$125,000, of which \$100,000 is now appropriated.

New Nominations.
Washington, January 11.—The President today sent these nominations to the senate: Treasury—John B. Landis, Pennsylvania, coiner of the mint at Philadelphia. To be consuls—W. Maxwell Green of Rhode Island, at Bermuda; Joshua Wilbur, Rhode Island, at Dublin, Ireland; Henry D. Snyder of Pennsylvania, at Natal, Natal, Natal.

A Concession Cancelled.
San Antonio, Texas, January 11.—Advice was received here today that the Mexican government has cancelled the valuable concession of the Mexican Southern Railway Company on account of the failure of the company to comply with the important terms of the concession granted by the government. The company was composed of Cleveland, Ohio, men.

Shot and Killed.
Butte, Mont., January 11.—P. A. Large, president of the State Savings Bank, was shot and killed in his office this afternoon. It is believed to be the outcome of litigation resulting from the big explosion which occurred three years ago.

WHEAT IS WEAK

May Trades Were Not Encouraging.

The Leiter Party Bought More Than It Disposed Of.

Chicago, January 11.—There were supporting orders in wheat at the opening and also enough buying of short wheat at the same time to make firmness quickly follow a weak opening. First trades in May were at 90¢ to 91¢ compared with 90¢ yesterday. Beyond a drain at Liverpool, no reason was apparent for the opening decline. Some weakness was developed on yesterday's curb and anticipation of a moderate rain today probably had its influence at the start.

Prices slowly improved during the next hour, but the height of the foreign market was 80¢. The only notable feature of that hour was the low level of the market, which was dullness and the small extent of business that accompanied it. One rather heavy local operator bought about 250,000 bushels and sold at a higher price, and the most of the other buying in the first two hours was by the local scalpers, who appears must have generally gone home short yesterday.

The closing of foreign markets was at 1¢ to 1½¢ decline at Liverpool; from 10 to 15 cents decline in flour and 4 to 5 cents in wheat at Paris with Antwerp unchanged. During the afternoon the market developed marked strength. The Leiter party, a good dealer, certainly bought a good deal more than they disposed of. A good many of the smaller shorts covered very freely toward the close and the market responded quickly to the buying, May advancing to 91¢ and was bringing 91¢ at the close. Corn was firm, although the market was weak all through the day. The firmness of wheat and corn was mainly responsible for the strength in oats. Offerings were light. May closed 1½¢ higher.

There was a small market in provisions. Prices were firm and steady at a slight advance. At Chicago May pork was 54¢ higher, May lard a shade higher and May ribs 2½¢ higher.

Coal Road Sued.
Stockton, January 11.—Nathaniel Hoyt, executor of the estate of Eliza Hoyt, deceased, filed suit against the Alameda county coal road, this morning, for \$1000 damages, through his attorneys, F. J. Salinsky and Nicol Orr. Hoyt's grounds for the suit are that the railroad company refused to damaged his property to that extent in the Hoots road, a shanty of stock, for a roadbed grade of such a height as to interfere with ingress and egress on the described property consisting of twelve lots in block 26.

Action Was Passed.
Washington, January 11.—The senate committee on Finance met today for the purpose of considering the Teller resolution declaring for the payment of the national bonds in silver as well as gold, but after discussing it at some length, passed action upon it until the next meeting to be held on Tuesday of next week.

Wants a Grip on China.
London, January 11.—The Chinese loan negotiations are progressing. Great Britain has informed China that she is willing to find them the money required and the details are now being discussed. The amount will probably be \$20,000,000. The amount was asking for certain changes in the administration of China, including the restoration of Li Hung Chang to power.

MEN AND GUANO

Uncle Sam and Clipperton Island.
Has a Better Birthright Than Either Mexico or France.

St. Louis, January 11.—James B. Bytline, a St. Louis representative of the Oceanic Phosphate Company, operating on Clipperton Island, where, on December 14th last, survivors from the Mexican cruiser Demetera landed and hoisted down the American flag, is in the city. He says:

"The Oceanic Phosphate Company is a San Francisco corporation. The company's claim to the island is all right. Mexico has no territorial claim on it. Clipperton is American by right of discovery and peaceful occupation. 'Clipperton Island' could be made an ideal naval and coal station, commanding all the routes of commerce, and also the harbors of San Francisco. It is now the property of the Oceanic Phosphate Company of San Francisco. This company keeps a little garrison of from eight to ten men on the island all the time. It is estimated that there are 1,000,000 tons of high grade guano on the island worth \$10 a ton."

TO RELIEVE DAWSON.
The Government Expedition to Start on the 23d inst.
Portland, January 11.—The government relief expedition will start for the Klondyke on board the steamer Oregon which sails from here on January 23d for Skagway and Dyea. Arrangements were made today with the Pacific Coast Steamship Company by General I. C. Merriam, commanding the Department of the Columbia, for the transportation of the men, mules and supplies. The advance party will consist of sixty men from the 14th infantry and with them they will take 100 mules and 200 tons of supplies. Captain Kibben of Fort Riley will have charge of transportation.

Klondyke Miners All Right.
Washington, January 11.—A telegram was received by Adjutant General Beck today from General Merriam commanding the Department of the Columbia at Vancouver barracks that the Klondyke miners are all right. The general reports that the passengers on the two steamers which have recently arrived from Alaska all state that the miners will get through the winter in safety.

Fusion in Minnesota.
MINNEAPOLIS, January 11.—The Democratic state central committee met today in executive session. The feature of the meeting was the reading of a letter to Chairman Roscoe Conkling, national chairman, which by implication, strongly urged fusion in Minnesota.

An Icy Sidewalk.
MADISON, Wis., January 11.—Justice A. W. Cawman of the supreme court fell on an icy sidewalk today while walking from his residence to the capitol, striking on his head with great force, fracturing the skull. The doctors say he has but one chance in a thousand for recovery.

Anxious to Die.
PHOENIX, Ill., January 11.—Cashier J. A. McAvoy of the State bank at Elmhurst, Ill., shot himself and is not expected to live. He has been in poor health.

Stockton Grain and Stock Exchange.
A. H. Nutt, manager Fresno branch. One taken from 1 to 50,000 bushels. Direct wires from Chicago Board of trade. Quotations received every two minutes. Seed wheat for sale. We do business. A strictly commission business. Phone block 1895.

Cabinet photographs this week \$1 per dozen at the Grand Central studio.

AN AMUSING SHOW

"At Gay Coney Island" a Big Hit.

Funny and Clean Jokes and Pretty Girls—The Next Attraction.

The Barton opera house was packed last night with an audience that laughed from the time the curtain went up until the closing scene. Matthews and Bulger, with their farce comedy, "At Gay Coney Island," scored a hit.

The Fresno theater-going public will be talking about for some time to come. These clever comedians are new to the coast, and from the reception that was accorded them last night it is an assured fact that when they come again they will meet with a hearty reception. I could not help thinking of Evans and Honey all through the piece, they are so nearly like those old favorites.

In Harry Bulger there was a strong resemblance to the lamented "Old House Huey," who used to make people laugh so heartily in the "Parlor Match" and such plays.

There was but a thread of a plot to "At Gay Coney Island," and at times the thread almost disappeared in the breakers but it managed to bob up serenely at times, and kept the comedy afloat until the last. The puns, witticisms, jokes and what-not that were interspersed through the piece were bright and funny, and they did not come in single shots, but by whole loads.

With all this the play was clean, and so were the jokes. They did not stoop to vulgarisms to create laughter, as is so often done in farce comedy.

It would be hard to imagine a funnier man than Harry Bulger as My Friend, the plumber. There was not a sentence uttered by him that did not contain a joke, and many of them of the nature that makes one's sides ache from too much laughing. He has a very droll way of saying things, which causes them to take better. J. Sherrie Matthews, as Dr. Aiken Payne, was equally funny, and to him was due a great deal of the evening's entertainment.

Thomas Evans as Mons. Minard, the French barber, was very clever. His dancing was something out of the ordinary and, I think, was not properly appreciated. Jane Whitbeck as Daisy Kidder was her share of the applause by her sweet singing and clever negro imitations and dancing, being recalled over and over again.

John DeWitt as Dolin Ware in search of a husband, was a most charming creature to behold, and my opinion is that in real life she wouldn't have to look long. She has a beautiful face and figure, and when she appeared in the gypsy costume and sang her violin selections she simply captivated the audience, and it seemed that they couldn't get enough of her. She is an artist of great merit on the violin and I cannot recall any woman's playing but Camille Uzo's that I liked better. It is something out of the ordinary to see such a beautiful woman play so beautifully on the instrument.

There were plenty of pretty and shapely girls who sang and danced well and helped the comedy along, and there was never a moment that the action of the piece was allowed to drag.

Matthews and Bulger have a clean, bright play full of fun and laughter, and it is something out of the ordinary to see such a beautiful woman play so beautifully on the instrument.

Another comedy of a high order will be produced on January 15th, when Stuart Robinson comes to the Barton with "The Henrietta," a comedy that was a very great success several years ago.

STEELE PARR.

FROM THE FAR NORTH.

The Edmonton "Bulletin" Contains News of Fresno People.

Dr. F. N. Russell of this city has been sent a marked copy of the Edmonton "Bulletin," published at Edmonton, Alberta. This copy is of the issue of the 3rd instant, and contains some news about H. H. Quick, of the Fresno party of Yukon prospectors. It states that he left Duvane, fifteen miles from Spirit River, on the morning of the 1st of instant, arriving at Edmonton on the 30th of month. He had his provisions and bedding on a small sled.

Among the parties mentioned as wintering at Spirit River are Mr. and Mrs. Garner and E. King of this city.

Mr. Quick will leave Edmonton on the 1st proximo for Peace river, intending to go up to Fort St. John on the ice.

WILL PLAY FOR CHARITY.

Kulmer-Goldstein Co. and Hermann Ball Teams Matched.

The Kulmer-Goldstein Co. and Hermann Ball teams will play at Athletic Park on Sunday, January 23d, for the benefit of the orphanage. Tickets are already out and charitable ladies have taken hold of the matter of securing good attendance at the game.

A large number of tickets have already been sold and the game will undoubtedly be a great success financially. The teams are pretty evenly matched and have had a great deal of practice, so first-class amusement will be afforded those who attend the game.

Struck a Man While Down.
Rafael Vasil and Salvador Brua were tried in Justice St. John's court yesterday for beating J. Cook with pruning shears. All three men are employed at the Eggers vineyard, and they became engaged in a rough and tumble fight. Vasil threw Cook to the ground and Brua struck the latter while he was down. Vasil was fined \$5 and Brua \$20.

Selecting Trial Jurors.
The members of the Board of Supervisors have been engaged for several days in taking names off the Great Register, preparing lists of trial jurors from their respective districts. The principal qualification is that the jurors selected be in the county at the time the list is finished today next likely. From the names thus selected a limited number are drawn in court.

Denomme Will Appeal.
Yesterday Superior Judge E. W. Riley granted a writ of habeas corpus in the case of Jeremiah Denomme, sentenced to five years in the Fresno prison. This complete the authorities to keep him in the county jail until after the appeal has been passed upon. It is likely that Denomme will be one of Sheriff Scott's wards for some time, as his attorney, W. D. Orleton, is making every effort to save him from a term in prison.

DURRANT'S BODY Passed Fresno This Morning.

The Remains to Be Cremated at Pasadena.

His Parents Accompany the Corpse—Scene at the Station Here.

SAN FRANCISCO, January 11.—Theodore Durrant's last request is to be complied with. His body is to be cremated. It will be taken to Los Angeles tonight, and thence conveyed to Pasadena for final disposition.

The corpse was removed from the Durrant house at daylight this morning and taken to the undertaking rooms of Porter & White on Eddy street and there placed in a metallic casket.

Dr. Thrasher and another friend of the family guarded the remains all day. Mrs. Durrant is in great fear of body thieves and relic hunters, and all precautions will be taken to prevent the stealing of the corpse.

Mr. and Mrs. Durrant will accompany the body to the crematory, and will return to this city at the end of the week with the ashes.

Porter & White have sealed the corpse up and made it ready for the flames. They have charge of it until it reaches Los Angeles. Then the Los Angeles undertakers will convey it to Pasadena. The body will reach Los Angeles at 2 p. m. tomorrow and be taken at once to the crematory.

The body of Durrant arrived at the Southern Pacific station this morning on the train which reached here at 12:40. The remains of the body were removed to the darkened portion of the rail car, and were guarded by a watch. Mr. and Mrs. Durrant were on the train, determined to follow all that was mortal of their son until that mortal portion shall be reduced to ashes. After the cremation they will return to their home in San Francisco with the ashes of their son.

Mr. and Mrs. Durrant occupied a sleeper, and avoided as much as possible the gaze of the curious. The passengers on the car were anxious to catch a glimpse of them at some part of the journey, but few of them had their curiosity gratified.

Were it not for a blundering hack driver still fewer, if any, would have had an opportunity to gaze at the afflicted parents. They rode to the train in a closed hack, but the driver took them to a day coach by mistake. A great throng of people followed the vehicle, craning their necks to see the Durrants board the train. Instead of going through the cars to the sleeper, however, they returned to the hack and were driven to the proper car. The passengers were disappointed. Mr. and Mrs. Durrant did not show their faces during the journey, and while the train stood at the station here they were not to be seen.

"The train had been in but a few seconds when the news spread that Durrant's body was on board."

"Durrant's on this train," could be heard all about the station. Theatrical people filed out of the waiting room, and men and women stood about the mail car. Others also flocked thither. Some had a word of sympathy for the murdered parents; others indulged in ribaldry. The portion of the mail car where the corpse lay was darkened, but there was a small window at the side. Some tried to peer through the glass into the black interior.

Then "all aboard" was shouted, the members of the theatrical company scrambled for the car, and Durrant's body, reposed in its coffin, was hurried to the rear of the train.

REV. GIBSON DECLINED.

Asked to Take Part in the Baptist Church Dedication.

Rev. George J. Gibson of San Francisco, pastor of the Emmanuel Baptist church, which has attained almost universal notoriety on account of the cold-blooded murder of Blanche Lambert and Minnie Williams in its tower, has been extended an invitation to take part in the dedicatory services of the new Baptist church of this city, which will be consecrated to divine service next Sunday week.

A telegram was sent to the minister who was the subject of so much unpleasant notoriety and undignified by lawyers to Pastor French of this city stating that it would be impossible for him to be present at the services. He did not give any reason other than that his duties demanded his presence in the metropolis.

Peninsular Steel Range, every one guaranteed. Barrett-Hickie Co., agents.
